Challenge

Are you concerned about the privacy of your family's personal information and the growing threat of identity theft? According to the FTC, recovering from an Identity theft incident can take 6 months and 200 hours of work, with most of the effort falling on the victim. Do you worry about someone using your or your children's personal information to fraudulently open accounts, file taxes, or make purchases? When left unchecked, the consequences of identity theft can have detrimental effects on a victim's life for years. Would you like to learn what steps you can take to keep you and your family's personal information safe, while enjoying the peace of mind of knowing you have protected your loved ones before it's too late?
